## Food Pantry

West CAP's Food Access & Resources program supports a network of local food pantries, a soup kitchen and emergency shelters that provide food assistance for low-income families.

In addition to providing support and coordination to various local outlets, West CAP operates a food pantry at 823 Main Street in Boyceville. This pantry serves the residents of the Glenwood City and Boyceville Area School Districts. Recipients of the pantry can receive an assortment of canned goods, cereals, meat, frozen foods, fruit and vegetables, as well as an assortment of personal care items. The

Our emphasis is on building partnerships with community groups to meet local food emergency needs and ensure access to quality food. We also work closely with similar efforts across Wisconsin and the nation.

## Farmers Market

The Menomonie Farmers Market began in 2000. It has become a profitable marketplace for farmers to generate extra income, and a convenient opportunity for consumers to purchase fresh products directly from area farms. A typical market day has 20-30 vendors selling products such as vegetables, fruit, eggs, meats, cheese, baked goods and handmade crafts. Inquires about the market may be directed to Robyn Thibado at 715-265-4271 x1330 or by email at [rthibado@wcap.org](mailto:rthibado@wcap.org).

## Back Pack Program

Glenwood City and Boyceville Elementary families can sign up for the Back Pack Program through the school nurse. Each week a back pack of food is sent home with participating children to help with weekend meals. Last year we served an average of 64 households with approximately 7 pounds of food per back pack.
