3 – Review of Spreadsheet Compilation

Susan and Lori shared the information gathered with everyone. Copies of the documents will be emailed to everyone on the committee.

We also discussed how we will present this info at the Quarterly meeting. It was recommended that Lori, Susan & Debbie summarize the findings into an overall view of the state. It was also suggested that we both highlight the vast differences in some areas as well as the similarities in counties that are adjacent to each other.

There being no other discussion, the meeting was adjourned.
